Silhouette Analysis

---SIGNIA™ by Color Me Beautiful

Discover the best clothing, accessories, eyeglasses and hair styles for your face and body shape with SIGNIA™, a computerized system of silhouette analysis. Learn how to enhance your best features, de-emphasize challenge areas, and add or minimize height and weight. Learn what clothing qualities to look for, and how to coordinate a versatile wardrobe. You will receive a guidebook written for you about you and a lesson to help you use it.

Create your own unique personal style that is in harmony with you. Result is - you look and feel great! Make your next shopping experience more fun while saving you money. You will no longer come home with garments that are never worn because they really don't do anything for you.

Well worth making the investment!
