LBD – Little Black Dress

Palmer/Pletsch Workshop

LBD just doesn't have to be black! This princess seamed dress will go from day to night and looks great in many fabric choices. From wool crepe for night to a sleeveless rayon sun dress during the day. The princess seams flatter all figures especially those with a fuller bust. Change the neckline, sleeve and dress length for that custom design just for you.

In this 3 day advanced workshop you will:

- fit the basic princess seamed dress (M 7352)
- fabric fit and sew your dress

Necessary staple in any wardrobe!
